The perfect family day tour in Jervis Bay...

Jervis Bay has been a Marine Park for 20 years and is now one of the most unique and healthy ecosystems in Australia. That's why the crystal clear waters of Jervis Bay are home to over 100 Bottlenose Dolphins. These dolphins are highly recognisable and are known for their long snout and distinctive smile.

On the dolphin tour, we often find pods of dolphins feeding around the reef systems. Friendly and active, you will fall in love with them the moment you lay eyes on them. The dolphins sometimes swim and race hundreds of metres to play on our bow.
